

## SMARTER

- ✓ Space-saving storage
- ✓ Practical 20 litre container
- ✓ Fewer oil leaks
- ✓ Clear labelling

## MORE SUSTAINABLE\*

- ✓ 85% less plastic than a 20L pail
- ✓ Less waste
- ✓ Simple and effective disposal\*\*

### Proven? Tick.

Many businesses are already benefiting from Mobil Boxx™. To try it in your workshop, contact your Mobil 1 sales partner.

When it comes to all things motor oil in your workshop, Mobil Boxx™ ticks every box.

\*Mobil Boxx is a more sustainable packaging solution because it contains 85% less plastic than an equivalent 20L pail which helps to reduce the amount of waste produced.

\*\*Dispose of carton and plastic bag separately, according to local regulations.

# TICKS EVERY B XXX

# Mobil Boxx™

## SMARTER FROM ANY ANGLE.

Introducing the smart and more sustainable packaging solution that's better for your workshop and better for business. Mobil Boxx™ features a tear resistant 20 litre plastic bag housed inside a stable paper box carton. Now motor oil can be accessed quickly and easily with less mess.

**Mobil™**

### ✓ More sustainable\*

A Mobil Boxx™ pack contains 85% less plastic than a 20 litre pail. The design of the inner plastic bag also ensures that little product is wasted. Thanks to an effective, easily disposable design made up of a recyclable paper carton and plastic, Mobil Boxx™ can reduce the amount of waste produced by your workshop.

### ✓ More convenient

In contrast to 208 litre drums, Mobil Boxx™ is much lighter and easier to handle. It also takes up less storage space, giving you the opportunity to offer a wide range of products. With no additional pumping system required, as well as sealed packaging, there's less chance of oil being contaminated by foreign objects. A clear oil grade display means there's less confusion between products. Disposal is easier too. The plastic bag can be thrown into the waste bin, and the cardboard can be recycled with waste paper.\*\*

### ✓ More savings

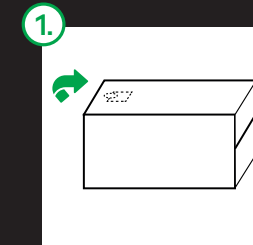

Mobil Boxx™ is designed to help you lower your operation costs. By investing in practical 20 litre containers versus 208 litre drums, less capital is needed up front, making stock keeping more efficient. You'll also save on storage space expenditures. Plus, disposal costs are lower too as you'll save on hazardous waste disposal expenses.

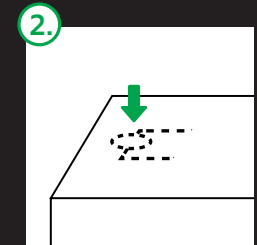

When it comes to all things motor oil in your workshop, Mobil Boxx™ ticks every box. For more information visit [mobil.co.uk/en-gb/](http://mobil.co.uk/en-gb/)

# PUMP READY IN SECONDS

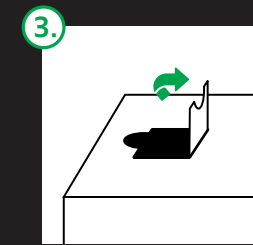

Mobil Boxx™ is ready to use in just a few easy steps:

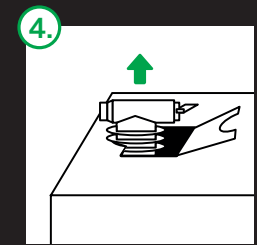

Turn the carton on its back

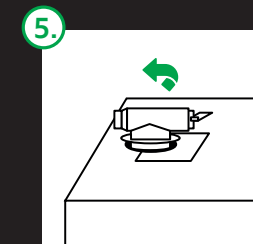

Press the OPEN HERE perforation

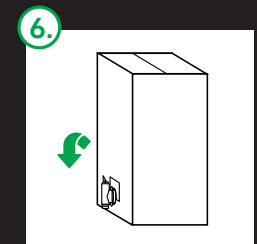

Fold the perforated edges outward

Pull the tap out of the box

Fix the tap in place by folding the cardboard flap back

Set Mobil Boxx™ upright – done!
